DEPARTMENT OF LAND AND NATURAL RESOURCES
Division of Conservation and Resources Enforcement
Honolulu, HI 96813

May 8, 2009

Board of Land and Natural Resources
State of Hawaii
Honolulu, Hawaii

**Permission to Provide Additional Officer Training for
DOCARE's Enforcement Management System (EMIS), Statewide
Funded by DOCARE Operating Funds**

The Division of Conservation and Resources Enforcement would like to request the purchase of additional training for all their officers on the new computerized EMIS system that will be implemented by August 2009. This is in addition to BLNR's initial approval of contracting out the hiring of a developer to create an automated management system that was approved on February 28, 2008. Funding for this work will be provided from the Division of Conservation and Resources Enforcement's operating budget, through general funds appropriated by the state legislature to be encumbered by June 30, 2009.

RECOMMENDATION:

That the Board of Land and Natural Resources authorize;

1. The additional training on the EMIS system and authorize the Chairperson to sign the necessary documents pertaining to the project, subject to Governor's approval.
2. The Chairperson, subject to review and approval by the Attorney General, to enter into contracts to address unforeseen conditions and sign the necessary documents to implement the additional work with Oceanit Laboratories, Inc.

Respectfully Submitted,

KEVIN YO KONG
T.A. Deputy Chief

APPROVED FOR SUBMITTAL:

LAURA H. THIELEN, Chairperson
Board of Land and Natural Resources
